Who took it?-- I did.

You'll see there it's got a date, 10th of January 2008 and it starts around 11.13. Was this video taken on the 10th of January 2008?-- No, it was taken on the 9th.

And do you know the time at which you started to take the video?-- Well, we initially walked through the pen areas and had a look at everything and I took a few still photographs and then when we went back up, I grabbed the video camera and started taking videos of the whole property.

40

Do you know why it says the 10th of January?-- Yeah, I had trouble with the camera - the video camera, it was - I couldn't get the date set up properly.

Can we please go forward to 11.27.40.

BENCH: 11.27.40 was it?

MS MELLIFONT: Yes, please.

BENCH: Yes.
