Dear Geraldine,

I hope you won't be too angry or upset with me as I have some shocking news for you that I heard today from David Graham. Lunch time today I phoned Sue Graham to see if I could buy 2 puppies if she had them.

David answered & said, Sue was mad there she was at the R.S.P.C.A. helping to bath, feed, & walk some dogs that had been confiscated a couple of weeks ago from your property. He said that they were in

a very poor condition all overcoated maggots & feces were all over the dogs and they were underfed. He said some were fostered to us and then I said can I buy 2 and give them a home. He then said there will be a Court Case as Sue has, for many years been involved to put you out of Business they want to make sure you never breed again and also said you should not even be allowed to own any kind of animal ever again. He said they (meaning Sue & the R.S.P.C.A. took from your property 106 dogs & some maybe 5-6 in whelp. David said Sue goes in 3 days a week to help & they are frantically raising money & taking donation of food & blankets for them they are Skittish & afraid. He then said that it was in all the newspapers & on T.V. didn't I see it. He describes you as that awful woman in Queensland. Sue said you should not have so many dogs because you don't look after them

Well i ~~remember~~ ^{remember} that time i payed you a surprise
 visit to see Maddisons Mother. You took me down
 the back to the Kennell to see her and she was so
 beautiful & clean i asked you do you mind if
 i take a few Photos, there was a mother feeding
her puppy & the Kennells were spartless and
smelt lovely too, remember i aske you what Kennell
clean do you use it smelt so good. After
 that you took me up to the house &
 cott yard where i saw some really beautiful
 Apricot all groomed & a couple in Show trim

I am really so upset that someone could run
 a person down in that way because i saw
 a totally different thing the dogs were all
 friendly and looked very healthy to me.
 I am sending some of thoes photos.

Kind Regards
 Susan Klean
