Hi Deb,

This is a valid petition.

We have already fostered 80 dogs and 30 bitches have had puppies which also need to go to foster homes. A couple of the dogs are now not eating, even from hands, so they might not make it, which is a great concern for the poodle rescue people who have been going to the RSPCA at least 3-4 times a week to walk and look after the dogs.

The problem is that the court case could drag on for months (the breeder is appealing the state government to get her dogs back) She has had her dogs seize in the past and has gotten them back on legal technicalities, but this time poodle rescue supporters are determined that she won't get them back.

Regards
 Evelyn
